### Proposal to internalise management of IAPF and acquire investment and asset management rights to the TAP Fund and cautionary announcement

---

Further to the announcement made by Investec Property Limited ("**Responsible Entity**") as responsible entity for Investec Australia Property Fund ("**IAPF**") on 10 June 2020, the Responsible Entity today announces that it has entered into an implementation deed ("**Implementation Deed**") with Investec Bank plc and Investec Australia Limited, both members of the Investec Group ("**Investec Group**") in relation to a proposal to internalise the management function of IAPF by creating an internally managed stapled group ("**the Proposal**").

The key elements of the Proposal will involve:

- the stapling of a new registered managed investment scheme ("**IAPF II**" and together with IAPF, the "**IAPF Group**") to IAPF to form a new internally managed stapled group which will be listed on the Australian Securities Exchange ("**ASX**") and the Johannesburg Stock Exchange ("**JSE**");
- an acquisition by IAPF II of the shares in Investec Australia Property Holdings Pty Limited ("**IAPH**") (being the holding company of the Responsible Entity, the manager of IAPF and certain other entities that operate the business of IAPF), through which IAPF II will acquire the management rights of IAPF;
- the transfer of the current IAPF management team to a subsidiary of IAPF II, which will provide the staff and resources necessary for the management and day-to-day operations of IAPF;
- the establishment of a third party funds management platform through the acquisition of the investment and asset management rights of Templewater Australia Property I, L.P. and its sub-trusts ("**TAP Fund**"), a third-party fund with a broad mandate to invest in opportunistic transactions in the Australian and New Zealand real estate markets. IAPF II will also provide asset management services in respect of certain assets in which the Investec Group holds an interest;
- a commitment by IAPF II to invest up to \$30 million in the TAP Fund, which will take the form of a loan initially, convertible into equity at IAPF II's election; and
- the payment of consideration of \$40 million<sup>1</sup> by IAPF II to the Investec Group to acquire the management rights of IAPF as well as the management rights of the TAP Fund ("**Total Consideration**"). The Total Consideration represents 9.0 times annualised forecast FY21 EBIT<sup>2</sup> of the assets and rights to management fee income that IAPF is acquiring.

The Total Consideration and associated transaction costs of approximately \$6.7 million will be funded utilising IAPF's existing debt facility. The investment in the TAP Fund will be funded by a new debt tranche that will be added to the existing facility agreement of IAPF.

The Proposal is subject to the approval of unitholders (excluding the votes of members of the Investec Group) by way of an ordinary resolution at the extraordinary general meeting ("**Meeting**") to be held on Tuesday, 17 November 2020 and the satisfaction or waiver of certain customary conditions precedent.

#### Independent Directors' assessment and rationale for the Proposal

A committee comprising the independent directors of the Responsible Entity, being Richard Longes, Sally Herman, Hugh Martin and Georgina Lynch (together, the "**Independent Directors**"), was formed

to consider the Proposal. The Independent Directors adopted a strict governance and information sharing protocol to ensure independent consideration of the Proposal and external legal, tax, financial and accounting advisors were engaged to advise the Independent Directors in relation to the Proposal.

The Independent Directors believe that the long-term interests of unitholders would be best served by an internalised management structure. This would not only provide enhanced governance and increase alignment of interests consistent with industry standards, but ensure the retention of the existing management team and facilitate the future growth of IAPF. The Independent Directors acknowledge that there may be potential risks and disadvantages associated with the Proposal but consider that the advantages of the Proposal outweigh the disadvantages and risks. The advantages, disadvantages and risks will be set out in the Booklet (defined below) to be dispatched to unitholders in connection with the Meeting.

### **Independent Expert's Report**

The Independent Directors have appointed Deloitte Corporate Finance Pty Limited ("**Independent Expert**") to prepare an Independent Expert's Report on the Proposal. The Independent Expert has concluded that the Proposal is fair and reasonable to, and in the best interests of, unitholders not associated with the Investec Group.

Details of the Independent Expert's opinion and the basis for the Independent Expert's conclusions, including its valuation methodology and analysis, will be set out in the Independent Expert's Report, which will be included in the Booklet (defined below) to be dispatched to the unitholders.

### **Implementation Deed**

The key terms of the Implementation Deed include:

- conditions precedent which must be satisfied or waived for the Proposal to proceed;
- circumstances under which the Responsible Entity or the Investec Group may terminate the Implementation Deed;
- detailed stapling steps, acquisition steps and restructure steps to be implemented in connection with the Proposal;
- customary restrictions on conduct of business by IAPH and its subsidiaries prior to the implementation of the Proposal;
- no shop, no talk and notification obligations on the Responsible Entity and the Investec Group; and
- representations, warranties and indemnities given by the Investec Group in relation to IAPH and its subsidiaries which are customary for a transaction of this nature.

A summary of the conditions precedent to the implementation of the Proposal, termination rights for the Responsible Entity and the Investec Group, payments to be made by the Investec Group to the Responsible Entity and no shop, no talk and notification obligations are set out in the Annexure. A more detailed summary of the Implementation Deed will be included in the Booklet (defined below).

### **Explanatory Memorandum, Notice of Meeting and Product Disclosure Statement**

Unitholders will receive a combined Explanatory Memorandum, Notice of Meeting and Product Disclosure Statement ("**Booklet**"). The Booklet will include a more detailed explanation of the Proposal, including the basis for the Independent Director's recommendation, advantages, disadvantages and risks of the Proposal and financial consequences of the Proposal, and a copy of the Independent Expert's Report.

The Notice of Meeting, which includes details of the extraordinary general meeting and how to vote on the resolution to approve the Proposal, will be sent to unitholders as part of the Booklet.

It is expected that the Booklet will be dispatched to unitholders on Tuesday, 20 October 2020 following receipt of formal approval by the JSE. Unitholders should read the Booklet before deciding how to vote on the Proposal.
